Radcliffe Publishing

**Restoring Primary Care: Reframing Relationships and Redesigning Practice**

Authors: Kuzel, Anton J., MD, MPHE; Engel, John D., PhD

**At A Glance:** To many practitioners, managers and patients, US primary care is in crisis. Primary care physicians are often overworked and undervalued, and both patients and care providers can feel locked into structures that lack compassion and are unfit for their intended purposes. Healthcare reforms aim to resolve the situation, but changes ...

★★★★★ Score: 92

Humana Press Inc.

**Amenorrhea: A Case-Based, Clinical Guide**

Editors: Santoro, Nanette F., MD; Neal-Perry, Genevieve, MD, PhD

**At A Glance:**

This title draws together worldwide experts who offer the practitioner state-of-the-art, clinically useful information in a reader-friendly fashion and will be a welcome addition to the bookshelves of all physicians who practice in women's health settings. Chapter one covers the basic physiology of the reproductive axis in women, incorporating the ...

### My Journal Articles:

This section provides quick links to the articles indexed in Medline® in the last 7 days in your profile topics, as well as the ability to browse all new articles in all topics. You'll also find up to three key articles in your profile published in the most-read journals. Finally, if you're looking for quick clinical decision support, the "Instant Answer" link enables you to conduct your own targeted search of the recent journal literature to find the answer to the problem at hand.

### My Journal TOC Tracker:

TOC Tracker aggregates articles from newly published issues of journals you've selected, or of key journals, allowing you to construct a virtual table of contents – with citations and abstracts of the articles in those issues – on the fly.

### My Books and Reviews:

In this section, link to a quick overview of new books and reviews in your profile specialties added to our database in the last 7 days, or to new books and reviews in all specialties. Use the Advanced Search link to search our database of 130,000 titles and 26,000 expert reviews. Finally, this section also may showcase books publishers want to spotlight and feature new titles in your field.
